

**BEIERSDORF**  
**BEYOND BORDERS Supply Chain Trainee**  
(Location : Hamburg, Germany + 5 months abroad)

BEYOND BORDERS is our 18-month graduate trainee program, which offers you a perfect stepping stone into an international career. Start your career by engaging in the Supply Chain program:

**Job description:**

Supply Chain Management cares for the controlling of our international commodity flow and the world-wide supply of the markets with our products.

As a trainee within this area you contribute your sense of empathy, your highly developed communication skills as well as your holistic thinking. Using all this you promote a close cooperation within the supply chain as well as the interfacing departments .

You can extend your expertise and your personal abilities in:

- Demand and operations Planning
- Procurement
- Production
- Logistics
- Product Development
- Step abroad in one of Beiersdorf's affiliates
- Assignment of Choice e.g. Marketing, Sales, Controlling, ...

**Candidate's profile:**

- Graduation expected in approx 6 months or recently graduated within the last 6 months with an excellent university degree in economics
- Relevant working experience in Supply Chain (e.g. procurement/ logistics/ planning/ production) through at least two internships (min. 3 months) in the area of FMCG or similar (e.g. automobile)
- Extracurricular engagement
- International experience gained within university studies or internships abroad (at least six months) in two different countries and the ability to work in a multi cultural environment
- Leadership ambitions and willingness to go the extra mile
- National and international mobility, as well as professional flexibility
