Group Registration

Group exchange

Ill round - registration for groups - first come, first served.

In this round, you can use the exchange of places between groups of a course. The exchange is active for courses that have at least two classes of one type. Only students enrolled in each course will be able to take advantage of this possibility.

The exchange will take place on-line and in the case of vacancies in groups, applications will be processed on an ongoing basis. If it is not possible to complete a given application, the application will be waiting until such an opportunity arises (e.g.one of the students from the group you are interested in, e.g., changes the group and thus frees up a place in it).

Entries that are not completed during the round will be discarded, and the applicants will remain in the groups in which they were at the start when sending course exchange applications. For courses that have:

- only one form of classes (e.g., lecture) exchange will be possible between these groups (it will be a change of lecturer, class hours or both)
- two forms of classes (e.g., lecture and class) exchange will be possible:
 - \circ $\,$ or within the child groups of the parent group (change only the class group and stay in the same lecture)

 or within parent groups with a mandatory change of the subgroup (exchange between lectures, which also forces the change of the class group to one that is related to the lecture chosen by us).

In a situation where you create more than one application within one course, the earliest of those in which places have become available will be implemented. The rest of the sent applications will be discarded.

If more people have sent a request to exchange and move to a given group, applications will be processed in the order in which they are send. The first will be implemented those sent at the earliest.

You can use the exchange only for courses for which you are registered (selected in ongoing or earlier turns), so the easiest way will be to use the **Cart**. All your courses will be there in one place, and those course to the exchange will have an arrow next to the green cart:

	MY USOSWEB STUDENT'S SECTION STAFF SECTION COMMO	N SECTION									
NDEX REGISTRATIONS → calendar → cart → for courses → direct for groups → group preferences SCHEDULE	Your cart Here you can see all the courses thich you are registered for and these which you want to be registered for. At any time, you can re-select groups to request an exchange, but please note that the new application will have a later date and will be processed after the applications that were sent before this request.

If the exchange failed to process your applications, then after the closing of the round, they will be discarded, and you will remain in the same group in which you were.
