Submission form  
Student and PhD Student Participatory Budget  
Edition 2024 – “Ecological innovations”

<b>Project title: Summer flea market in SGH Main Building</b>
<b>Applicant(s): Thu Huyen Do</b>
<b>Why is the project important? (no more than 100 words)</b> We have many things we do not need and as students many things are thrown out every day, very unsustainable. Especially when it comes to the exchange students, in June most students are leaving and generally they can take about half of the things they own. Students can register to sell and we can largely promote the event.
<b>Project description (no more than 250 words)</b> I could help organize it. It is more of a pre-organization like making sure we have enough sellers, not too little not too many
<b>Simplified cost estimate</b> We need some hangers, but most things we have in SGH. Should be mostly free, we can get some volunteers.
