

POSTGRADUATE STUDIES IN CORPORATE GOVERNANCE, RISK AND COMPLIANCE MANAGEMENT

Postgraduate Studies in Corporate Governance, Risk and Compliance Management is aimed at enhancing the skills of managers and professionals working primarily in legal, compliance, risk and audit departments and other control functions as well as company executives.

Are they for me?

Postgraduate Studies in Corporate Governance, Risk and Compliance Management is recommended to any employees wanting to enhance their knowledge about ethics, compliance, corporate governance and risk management, in particular to:

- lawyers and legal practitioners,
- compliance officers, managers, directors and their deputies,
- supervisory board members,
- risk managers,
- internal audit employees,
- regulatory representatives,
- accountants,
- financial crime prevention experts,
- money laundering reporting and prevention officers,
- AML and financial crime investigators.

INNOVATIVE COURSES

– organised in form of symposiums, case studies and Oxford style debates to promote engagement

EXPERIENCED LECTURERS

– academic teachers and business professionals who bridge the gap between theory and practice

BENEFICIAL CONNECTION

– between the audience and practitioners from public and private sectors who share knowledge

Why study?

- The courses will help students understand ethics and compliance principles, corporate governance, anti-money laundering and risk management concepts, thus strengthening their ability to respond professionally to the legal and regulatory requirements.
- Real-life business cases from different business sectors will be used during the courses to increase practitioners' awareness of corporate governance, risk and compliance management.
- will be equipped to take ethics, organizational culture and compliance program to the next level and use corporate governance and compliance program to enhance business performance.
- The programme will prepare graduates for the complex realities of today's marketplace, where teams frequently work with diverse laws, customs and markets.

online courses

Courses take place once or twice a month on Saturdays and Sundays from 8 am to 5 pm CET.
Total tuition fees are PLN 8300 (possible installments).
