In the LA the student should declare courses worth a total of 30 ECTS/semester. When participating in a mobility to a university for a trimester (3-month long period), it is possible to choose courses for 20 ECTS.

If the student has a surplus of ECTS from previous semesters, the minimum number of ECTS attained abroad cannot be less than 24 ECTS, provided that this complies with the guidelines of the partner university. Some universities require to declare min 30 ECTS.

**NOTE** – students attending universities that do not use the ECTS system [bilateral agreements, most non-European universities] should convert credit points according to the information in the file "Table and rules for calculating grades" available on the website

#### Changes to LA

In case an LA correction is required, a request to open the document can be sent via email to the appropriate contact person in the dean's office with a request to enable LA editing. This procedure also applies if changes to the LA need to be made during the mobility.

10. After obtaining LA approval by the Dean, generate a file, fill in the missing data (study cycle, dates from .. to.., address of the partner university and contact details of the exchange coordinator at the partner university) via e.g. Adobe Acrobat Reader. Use the Adobe Reader (or similar software) signature function to sign the LA.

Students who have already prepared LA on the partner university form, only proceed the LA in USOS till the stage of the Dean's approval. In this case LA on the partner university form should be signed by 3 parties that means partner university as well.

11. Send the finished LA via email to the partner university for acceptance.

It should be noted that a signed version of the LA by all 3 parties (student, SGH Dean and responsible person at the partner university) is absolutely necessary to recognize course at SGH after exchange period.

#### NEXT STEP AFTER LA PROCEDURE → EXCHANGE REQUEST (separate instructions)

After completing LA in USOS, in the same system should be submitted an application with exchange request and student commitment.
