- No swapping allowed. Resignation after initial results will require re-assignment. Resignation after re-assignment initiates the „waterfall” process of **assigning** slots to students who had that preference higher in their ranking.
- Unused or released slots will be offered first to those on waiting list, then to those who wish to replace assigned slot for other preference due to unstable situation in the destination country, pandemic, or due to lack of acceptance by the host school. ABOUT CEMS

CEMS MIM PROGRAMME AT SGH

Where Academia, Business and the World Meet — and Build Together.

Awards

In 1988, a handful of business schools across Europe decided to do something that went against their instincts: share. Share a programme. Share a degree. Share the credit. The idea was simple — and, at the time, radical; to design a master's in management not in competition, but together, with companies at the table from day one. That idea became CEMS.

Today, 33 of the world's leading business schools and over 70 global companies & NGOs jointly build and deliver a programme that no single institution could offer alone. Students study across two or more schools and countries, work on real challenges set by corporate partners, and graduate with a joint degree shaped and delivered by the entire alliance.

Q&A and FAQ Session (1)

What are the most important dates concerning the CEMS Selection?

13 October - 3 November 2026.

What are the steps in recruitment?

Application online (two forms: SGH & CEMS), Assessment, Interview.

There are several selection criteria some are entry-level i.e. English language but there are additional ones as well i.e. GPA, student activity. When best to start preparing for CEMS recruitment?

The sooner, the better, but the English test and student activity may require action by mid-October

What to do if my English Test score is just below minimum (e.g. TOEFL iBT 99/4.5 points)?

No exceptions!!! First of all, take the test now. If you fail you may re-take it or take another test. If you take it just before application period, you may not manage to get the re-take test result before deadline (5 November 2026).

Q&A and FAQ Session (2)

How and where candidates may submit their applications?

Online via SGH (MS Forms) and CEMS systems (both necessary, but uploads are in CEMS system only).

Is there a need to submit any documents in paper?

No.

Where the results of selection can be found?

They will be emailed to your SGH email address.

When are candidates scheduled for assessment and interview?

After closing the application period, all students will be asked to participate in the selection survey – preference form.

What to do to confirm my participation in CEMS MIM once I get accepted?

You have to submit online confirmation form.

Q&A and FAQ Session (3)

Can I choose dates of my assessment/interview?

Partially yes, by submitting a duly completed preference form.

Will recruitment process be conducted online or offline this autumn?

The Stage 1 is fully online, while the Stage 2 will be organised face-to face.

How long candidates need to wait for the results of every stage?

Usually 4 days after completing each stage, but it depends on the system accuracy.

What if I resign from the recruitment process at some point?

You will continue your studies at SGH.

Can I change my preference list for a term abroad after the online application period?

Yes, but only in justified cases. The deadline is by the first day of Assessment (or Interview, if assessment is not conducted).

Q&A and FAQ Session (4)

What was the point threshold in the previous years?

The required minimum, but with the new rules it may change.

How many students get admitted every year on average?

It varies. Theoretically, we may admit about 60 students. Last year, we selected 53 students of whom 51 formed a cohort.
